

Equipment

- Collection bottle, provided (pictured)
- Clean container to collect urine to be tipped into collection bottle.
- Use a clean separate container.

Instructions

1. Clearly write your Name, Date of Birth and address in the space provided on the label
2. Empty bladder into toilet and record time and date in space provided on the bottle.
3. Collect ALL urine after this specimen, including, during the day, overnight and up until the same time on the following day (i.e. for next 24/12 hours).
4. Replace the lid each time you add urine to the bottle ensuring it is screwed on firmly.
5. At the end of collection period, empty your bladder into bottle and record time and date in space provided on the bottle.
6. Bring bottle and request form into the Pathology Collection rooms, as soon as possible after completion of the 24 hour period.
