

**PARASITES MICROSCOPY PATIENT
INSTRUCTIONS**

SAF Fixative Container

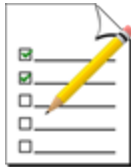

Equipment

- One (1) litre clean, dry ice-cream container or equivalent, in which to collect the faeces specimen.
- Small collection pot/s provided (pictured)

Safety Precautions

- Do not ingest any preservative in the containers.
- Do not pass urine into the container in which you are collecting the faeces.

Instructions

1. Place 1 litre container in the toilet bowl.
2. Use the scoop provided to collect a walnut size, or 50c piece size, of faeces. The small containers provided have a "scoop" inside the lid. Screw the lid on firmly.
3. Write your name and date of birth and gender, and the date and time the specimen was collected, on the label.
4. Repeat collection after 24hr, if more than one sample is required.
5. Bring samples 1 and 2 to pathology on the day the second sample is collected.

For further information and enquiries please call 9594 4538
